

Maurice Daumas Prize – ICOHTEC's Article Prize

Call for submissions 2024

The *International Committee for the History of Technology*, ICOHTEC, welcomes submissions for the *Maurice Daumas Prize*, which aims to encourage innovative scholarship in the history of technology. ICOHTEC is interested in the history of technological development as well as its relationship to science, society, economy, culture, and the environment. There is no limitation as to theoretical or methodological approaches.

The prize will be awarded to the author of the best article submitted which deals with the history of technology in any period of the past or in any part of the world and which was published in a journal or edited volume from 2022 to 2024. Eligible for the prize are original articles published in (or later translated into) any of the official ICOHTEC languages (English, French, German, Russian or Spanish). Submissions are welcomed from scholars of any country **who are currently in graduate school or have received their doctorate within the last seven years**. Please send your submission and a brief (not to exceed one-page) cv to the chair of the Prize Committee (antoni.roca-rosell@upc.edu) **no later than 1st March 2024**. The winner will be contacted in late May 2024.

The prize will be awarded at our 51st Annual Meeting, will take place in Viña del Mar, Chili, **in person** and also **virtually, from 9 to 14 July 2024**. The meeting will be held in conjunction with the Society for the History of Technology (SHOT). The winner will receive a cash prize of 500€. Alongside the first prize, papers in the second and third-ranking positions would receive an honorarium/diploma award.

The Daumas Prize is sponsored by the Université de Technologie de Belfort-Montbéliard (UTBM), France.

The Prize Committee:

*Antoni Roca-Rosell (Chair) Universitat Politècnica de Catalunya, Barcelona, Catalunya, Spain

antoni.roca-rosell@upc.edu

*Guillermo Guajardo Soto, Universidad Nacional Autónoma de México

guillermo.guajardo@unam.mx

*Bertrand Guillaume, Université de Technologie Troyes

guillaume@crans.org

*Eike-Christian Heine. Historical Institute of the Universität der Bundeswehr München

eikechristian.heine@googlemail.com

*Laurent Heyberger, Université de Technologie de Belfort-Montbéliard
laurent.heyberger@utbm.fr

* Sarah Qidwai, Universität Regensburg
sarahaqidwai@gmail.com

*Thomas Schuetz, University of Stuttgart
thomas.schuetz@hi.uni-stuttgart.de

*Liliia Zemnukhova, Dr, Deutsches Museum, Munich, Germany

MAURICE DAUMAS (1910 - 1984) – The French Trailblazer

The history of technology would never have become a prominent field of historical research without energetic pathbreakers. Maurice Daumas was one of them. One of his better known early works is: *Les instruments scientifiques aux XVIIe et XVIIIe siècles*, which was also published in English. Between 1962 and 1978, he edited a highly acclaimed history of technology, *Histoire générale des techniques*, in five volumes, which has been translated into English and Spanish, and used as a textbook in various countries. In France, Daumas was also the pioneer of industrial archaeology. Daumas was the first secretary general of ICOHTEC and the host of its symposium at Pont-à-Mousson in 1970.
